**AN IMMEDIATE REPORT, CONCERNING SIGNING OF AN AGREEMENT FOR THE  
CONSTRUCTION OF AN AUTONOMOUS PARKING FACILITY IN THE USA**

**Airport City, Israel –January 13, 2019** - Unitronics published the attached Immediate Report pursuant to the requirements of the Israeli law, in connection with signing of an agreement for the design, supply and construction of an autonomous parking facility for a client in USA.

**About Unitronics**

Unitronics (1989) (R" G) Ltd. is an Israeli company that engages, through its Products Department, in the design, development, production, marketing and sale of industrial automation products, mainly Programmable Logic Controllers ("PLCs"). PLCs are computer-based electronic products (hardware and software), used in the command and control of machines performing automatic tasks, such as production systems and automatic systems for industrial storage, retrieval and logistics. The Company also engages, through its Automated Solutions Department and/or its subsidiaries, in the design, construction and maintenance services in the framework of projects for automation, computerization and integration of computerized production and/or logistics systems, mainly automated warehouses, automated distribution centers and autonomous parking facilities. The Company's PLCs are distributed by over one hundred and sixty distributors (and a wholly owned US subsidiary) in approximately sixty countries throughout Europe, Asia, America and Africa. The services of the Systems Department are provided to customers in Israel and also outside Israel.

This press release contains certain forward-looking statements and information relating to the Company that are based on the beliefs of the Management of the Company as well as assumptions made by and information currently available to the Management of the Company. Such statements reflect the current views of the Company with respect to future events, the outcome of which is subject to certain risks and other factors which may be outside of the Company's control. **Pursuant to regulation 36(a)  
to the Israeli Securities Regulations (Periodic and Immediate Reports), 1970**

The Company hereby announces that on January 11, 2019, the Company signed through Unitronics Systems Inc. (a subsidiary company incorporated in the United States and wholly owned by a wholly-owned subsidiary of the Company, Unitronics Automatic Solutions Ltd.), an agreement (hereinafter: the "Agreement"), With an American customer who is not connected to the Company or to interested parties therein ("the Customer") for the construction of an autonomous parking garage in a building located near New York City, USA ("the Project").

According to the agreement, the total consideration expected for the Company is approximately \$ 13.5 million (approximately NIS 50 million).

Payment of the consideration is expected to be made in accordance with milestones in progress. The Company will recognize in its financial statements income from the project according to the method of input.

The project is scheduled to be completed during 2020.

The project is the company's 16th to build autonomous parking lots in North America (7 workers and 9 under construction).

For details regarding the Company's intention to examine the split of the parking lot activity into a separate company (Utron Ltd.), see immediate report dated August 20, 2018. (reference Num . 2018-01-077146).
