- 3.1 After discussions by the Company's Audit Committee and Board of Directors in early March 2016, and after approval by the Company's Audit Committee and Board of Directors on March 17, 2016, the Company contracted on March 20, 2016 an agreement with FIMI Fund (**hereinafter: "the Investment Agreement"**). Pursuant to the Investment Agreement, upon closing of the Transaction, FIMI Fund would acquire from the Company and the Company would allot to FIMI Fund by way of exceptional private allotment (as defined in the Private Offering Regulations), 3,750,000 Company ordinary shares of NIS 0.02 par value each (**hereinafter: "the Allotted Shares"**) against payment of NIS 16 per share, for a total of NIS 60 million (**hereinafter: "the Investment Amount"**), reflecting a Company valuation of NIS 160 million. The allotted shares, immediately following the allotment thereof, would constitute 27.27% of the Company's issued and paid-in share capital, fully diluted. The Investment Agreement also contains adjustment provisions whereby, upon fulfillment of certain conditions, the share price may be reduced down to NIS 14 per share by way of allotment of additional shares by the Company to FIMI Fund for no additional consideration. Should the Adjustment Provisions be applied, the Company would allot to FIMI Fund up to an additional 535,714 Company ordinary shares that will derive from the right to receive shares as described in Section 3.6.1 of the Immediate Report below (**hereinafter: "the Additional Shares"**)⁵; and will transfer to FIMI the total dividend per share which was distributed from the closing date to such date, multiplied by the number of additional shares allotted. For more information about the share price adjustment provisions and the number of Additional Shares which may be allotted to FIMI Fund as part of the Transaction, see section 3.6.1 of the immediate report below. ~~The Company would issue an immediate report about any future allotment of the Additional Shares to FIMI Fund, if allotted, in conformity with provisions of the Private Offering Regulations and would comply with provisions of the Bylaws of the Tel Aviv Stock Exchange Ltd. (hereinafter: "the Stock Exchange") and with the Stock Exchange directives, as they may be at that time, to obtain approval by the Stock Exchange for listing for trading of the aforementioned Additional Shares.~~ For more information about allotment of the Allotted Shares to FIMI Fund by way of exceptional private offering, pursuant to the Private Offering Regulations, see section 13 below.

⁵ See Footnote 1 above.

- 3.2 Upon signing the Investment Agreement, Mr. Haim Shani, the controlling shareholder of the Company, informed the Company that he has signed concurrently an agreement with FIMI Fund (hereinafter: **"the Controlling Shareholder Agreement"; the Investment Agreement and the Controlling Shareholder Agreement, hereinafter jointly: "the Acquisition Agreements"**), whereby FIMI Fund would acquire from them Company shares they own, for a total amount of NIS 50 million which would constitute 22.72% of the Company's issued and paid-in share capital, fully diluted (after closing of both transactions) and therefore, after the transactions with FIMI Fund, Mr. Shani would continue to hold 21.92% of Company shares and would continue to serve as CEO of the Company. Consequently, upon closing of the aforementioned transactions, according to both agreements, FIMI Fund would hold in total 49.99% of the Company's issued and paid-in share capital⁶. For more information about the share price adjustment provisions and the number of Additional Shares which Mr. Shani would transfer to FIMI Fund as part of the Transaction, see section 3.7.2 of the immediate report below.
- 3.3 Mr. Shani has also informed the Company that upon closing of the Transaction, they and FIMI Fund would sign a shareholder agreement (hereinafter: **"the Shareholder Agreement"**), whereby they would co-operate in voting on various matters, including with regard to appointment of Board members (including the Chairman of the Board of Directors to be nominated by FIMI Fund) and would govern various rights in cases where any party would conduct certain transactions involving their shares. It was further agreed that the Chairman to be appointed by FIMI Fund would be eligible to 55% of the cost to the employer for the Company CEO position, plus VAT and expenses. These arrangements are restricted in time and/or in holding stake of either party in the Company. Highlights of the provisions of the shareholder agreement are listed in section 3.8 below.
- 3.4 The Investment Agreement stipulates that the Transaction closing would occur within 12 business days after fulfillment of all suspensive conditions for closing of the Transaction as listed in section 3.6.4 below, including approval by the General Meeting convened pursuant to this immediate report of all matters related to the Transaction on the agenda (unless the eligible party waived their fulfillment in conformity with provisions of the agreement), or at a later date to be agreed by the parties to the agreement (hereinafter: **"the Transaction Closing Date"**).
- 3.5 Note that closing of the Investment Transaction is subject to the conditions listed in section 3.6.4 of this immediate report.

⁶ See Footnote 1 above.

3.6 **Other provisions of the Investment Agreement**

3.6.1 **to the mechanism of adjustment of share price in the transaction**

As noted, the price per share, for both the Investment Agreement and the Agreement with the Controlling Shareholder, is NIS 16 subject to adjustment provisions, whereby should the cash amounts received by FIMI Fund in conjunction with (a) all shares acquired thereby in conjunction with the Transaction from the Company and from the controlling shareholder thereof, Mr. Haim Shani, and (b) in conjunction with any other securities to be allotted to FIMI Fund after closing of the Transaction due to FIMI Fund holding of shares allotted there to or acquired thereby from the controlling shareholder in conjunction with the Transaction, including due to spin-off of Company operations or subsidiaries thereof, re-organization, share split, distribution of bonus shares or due to any other action (whether by sale, dividends or indemnification pursuant to the acquisition agreements) (hereinafter: "**Total Consideration for the Acquired Shares**") would be less than 250% of the total amount paid for them (i.e. less than NIS 275,000,000), would be reduced to NIS 15 per share (reflecting a Company valuation of NIS 140,000,000) by way of allotment of Additional Shares to FIMI Fund by the Company (and transfer of Additional Shares to FIMI Fund by Mr. Shani, in conformity with provisions of the Agreement with the Controlling Shareholder), for no additional consideration and transferring to FIMI the total dividend per share which was distributed from the closing date to such date, multiplied by the number of additional shares allotted.

The adjustment provisions would apply as from the closing date and would expire 8 years thereafter. Notwithstanding the foregoing, these provisions would not apply should FIMI Fund sell a majority of the shares to be acquired pursuant to the Acquisition Agreements within 2 years after the closing date, unless Mr. Shani has previously sold over 10% of his holding stake in the Company as of the closing date. The parties further agreed that should the adjustment provisions be applied, the total number of Additional Shares to be allotted to FIMI Fund by the Company would not exceed the lowest of (a) the number of ordinary shares for which the consideration, if sold at NIS 14 per share, plus the consideration for the Additional Shares of the controlling shareholder (as defined below), if sold at NIS 14 per share as well, plus the Total Consideration for the Acquired Shares (as defined above), would exceed NIS 275,000,000; (b) the number of Additional Shares. As mentioned above, the maximum number of additional shares that

will be issued by the Company to FIMI Fund resulting from the operation of the said mechanism will be 535,714 ordinary shares of the company.

~~Should Additional Shares be allotted to FIMI Fund in conformity with the adjustment provisions, the Company would issue an immediate report about the allotment of such Additional Shares, in conformity with provisions of the Private Offering Regulations and in compliance with provisions of the Bylaws of the Tel Aviv Stock Exchange Ltd. ("the Stock Exchange") and with the Stock Exchange directives, as they may be at that time, in order to obtain approval from the Stock Exchange for listing said shares for trading.~~On the closing date of the transaction, the company will give FIMI Fund, a written right, to receive shares, whereby the company would commit to allocate to FIMI Fund on the exercise date the additional shares (up to 535,714 ordinary shares of the Company), provided that the maximum consideration for the shares acquired will be less than NIS 275,000,000, as described above. The written right to receive additional shares will expire eight years from the closing date.

The additional allotted Shares, resulting from the rights to receive shares, will be issued to FIMI Fund against their nominal par value, however, it is clarified that FIMI Fund will not be required to pay additional consideration in respect of the additional shares, meaning - the consideration from the transaction is for the shares to be allocated to FIMI Fund on the closing date and for the par value of additional shares.

The rights to Company's shares will not converted into shares in the company on the effective date for the distribution of bonus shares, for the offer by way of rights for dividends distribution, for capital consolidation, for capital split or reduction of capital (each one of the above hereinafter "**Company Event** "). In addition, if the X date of the Company Event occur before the effective date of the Company Event, there will not be an exercise of the said rights on the X date as stated above. Note that, without prejudice to the entitlement of FIMI Fund to receive dividends as set forth above, there will be no adjustment of the said rights in the event of dividends distribution, bonus shares or rights issue by the company.

3.6.2 **Representations**

The Investment Agreement includes representations by the Company and by FIMI Fund with regard, *inter alia*, to their lawful incorporation, their authority to contract the

3.6.5 **Indemnification**

3.6.5.1 In the framework of the agreement, each party has undertaken to indemnify the other party, its members, officers and employees with respect to any loss, cost, damage and expense (except indirect and consequential damages) incurred to them during the indemnification period of the counterparty (as set out in this section below), which originate in the breach of any representation made in the Investment Agreement or in other transaction documents or in that any such representation proves to be incorrect. In this regard, the "significant" threshold limitations determined in the parties' representations in the Investment Agreement are not to be taken into consideration.

In this regard, the "**Indemnification Period**" – with respect to the Company: up to March 31, 2018 – in respect of all the Company's representations, and thereafter, until 84 months after the closing date – in respect of the Company's representations regarding its incorporation, its capital, its authority to enter into the Investment Agreement, its compliance with the disclosure requirements prescribed in the Securities Law and the regulations made by virtue thereof and the applicable rules, and also due to the listing of the Company's shares on the Euronext Stock Exchange and the absence of the need for receiving third party consents.

3.6.5.2 To the extent the Company indemnifies the FIMI Fund in accordance with the indemnification arrangements laid down, as set out above and below, these amounts shall be taken into account for calculating the total consideration in respect of the Acquired Shares and for determining whether there is room for invoking the adjustment mechanism set out in section 3.6.1 above.

3.6.5.3 For each party, the minimum amount of damages accrued in respect of which it is entitled to demand indemnification shall be two (2) million shekels. In the event the damages accrued exceed the said amount, the party that caused these damages shall indemnify the other for the full amount of the damages, starting from the first shekel.

3.6.5.4 A party shall not be liable for indemnification of the other party under this agreement for an amount exceeding the amount invested by the FIMI Fund in the Company or in respect of indirect, punitive or consequential damages. The indemnification arrangements detailed above and below shall constitute an exclusive remedy with respect to the propriety of the Company's financial statements or with respect to the Company's compliance with the disclosure requirements prescribed in the Securities Law and the regulations thereto, as well as the securities rules applying to the Company by virtue of the listing of the Company's shares on the Euronext Stock Exchange, provided that: (a) the Company's shareholders other than the FIMI Fund initiated the said judicial proceeding; and (b) in any case, the overall indemnification amount to be paid by the Company to the FIMI Fund shall not exceed the amount invested by the FIMI Fund in the Company.

3.6.6 **Termination of the Investment Agreement**

To the extent that any of the conditions precedent set forth in section 3.6.4 above is not fulfilled within 90 days of the date of signing the Investment Agreement (i.e. from March 20, 2016), and the party entitled to the fulfillment of that same condition precedent does not waive its fulfillment, the party entitled to the fulfillment of the unfulfilled condition precedent shall be entitled to terminate the Investment Agreement by giving notice thereof to the other party to the agreement. Further indemnification arrangements that are essentially similar to the arrangements stated in section 3.6.5.4 above have been laid down in respect of non-fulfillment of a condition precedent arising from the intentional non-fulfillment of an obligation by a party to the agreement or breach of the agreement by a party thereto.

3.7 **Agreement with the controlling shareholder**

Following are the main points of the agreement between the FIMI Fund and the Company's controlling shareholder, Mr. Haim Shani, as presented to the Company by Mr. Shani:

- 3.7.1 Conclusion of an agreement with Mr. Shani is a condition precedent for closing the Transaction between the Company and the FIMI Fund.
- 3.7.2 Under an agreement with Mr. Shani, the FIMI Fund shall purchase 3,125,000 ordinary shares of the Company from Mr. Shani, constituting upon their purchase 22.72% of the issued and paid-up share capital of the Company, fully diluted (after closing of the entire transaction), for a total of NIS 50,000,000, reflecting a price of NIS 16 per share and a company value of NIS 160,000,000. The price per share is subject to the adjustment mechanism whose principles are the same as those set forth in section 3.6.1 above, whereby, insofar as the said adjustment mechanism is invoked, Mr. Shani shall transfer to the FIMI Fund, for no additional consideration, up to a further 446,429 ordinary shares of the Company (hereinafter: the "additional shares of the controlling shareholder."⁸)⁹ and the total dividend which was distributed from the closing date to such date for the additions shares of the controlling shareholder.
- 3.7.3 Similar to the arrangement with the Company in the framework of the Investment Agreement, it has been agreed between Mr. Shani and the FIMI Fund that if the adjustment mechanism is invoked, the total number of the additional shares of the controlling shareholder to be transferred by Mr. Shani to the FIMI Fund, shall not exceed the lower of (a) the number of ordinary shares whose consideration, if sold at a price of NIS 14 per share, along with the consideration in respect of the additional shares of the Company, if also sold at a price of NIS 14 per share, plus the overall consideration in respect of the Acquired Shares, total an amount exceeding NIS 275,000,000; (b) the number of the additional shares of the controlling shareholder.
- 3.7.4 At the Transaction closing date the additional shares of the controlling shareholder shall be placed in a trust with Mizrahi Tefahot Trust Company Ltd. (hereinafter: the "Trustee") and shall be released to either of the parties as follows: (a) to Mr. Shani, if the overall consideration in respect of the Acquired Shares exceeds NIS 275,000,000; (b) to the FIMI Fund, if the overall consideration in respect of the Acquired Shares is lower than NIS 275,000,000.
- 3.7.5 Closing of the agreement with the controlling shareholder shall be within 12 business days after the fulfillment of all the conditions precedent for closing the Transaction set out in section 3.7.8 below (or waiver of their fulfillment by the party entitled thereto in

⁸ See Footnote 1 above.

⁹ See Footnote 1 above.

accordance with the provisions of the agreement), or on another date to be agreed upon by the parties to the agreement (hereinafter: the "Transaction closing date").

- 3.7.6 To the extent that any of the conditions precedent set forth in section 3.7.8 below is not fulfilled within 90 days of the signing of the agreement between the FIMI Fund and the controlling shareholder (i.e. from March 20, 2016), and the party entitled to the fulfillment of that same condition precedent does not waive its fulfillment, the party entitled to the fulfillment of the unfulfilled condition precedent shall be allowed to terminate the agreement between the FIMI Fund and the controlling shareholder by giving notice to the other party to the agreement, with indemnification arrangements similar in essence to the arrangements stated in section 3.6.6 above applying under circumstances as specified there.

3.7.7 **Representations**

The agreement with the controlling shareholder includes representations of Mr. Shani and the FIMI Fund, inter alia in relation to their authority to enter into the agreement, the absence of statutory preclusion of their entering into the agreement and with respect to the agreement being enforceable against them. Likewise, the agreement with the controlling shareholder contains representations of Mr. Shani in connection with his ownership of the shares acquired pursuant to this agreement and these shares being listed on the stock exchange; absence of the need for third party consents for discharging his obligations under the agreement; and with respect to intermediaries.

In addition, the agreement includes representations of the FIMI Fund with regard to intermediaries; acquisition of the Acquired Shares for the FIMI Fund alone and with no plan for their immediate sale; absence of representations from Mr. Shani and absence of reliance on the part of the FIMI Fund on these representations in all pertaining to taxation of the Transaction or any other economic consideration and the absence of liability on Mr. Shani's part toward the FIMI Fund for any implication in connection with these.

3.7.8 **Conditions precedent for completion of the sale of shares by the controlling shareholder**

Closing of the Transaction under the agreement with the controlling shareholder is subject to the fulfillment of various conditions precedent (which the party entitled to

the fulfillment of any condition precedent may waive), the principal ones being as follows:

3.7.8.1 Conditions precedent for Mr. Shani's obligation to close the Transaction:

- (1) The FIMI Fund's fulfillment of all its obligations under the agreement with the controlling shareholder, by or before the Transaction closing date.
- (2) Completion of the FIMI Fund's acquisition of the Allocated Shares, pursuant to the Investment Agreement, concurrently with the closing of the agreement with the controlling shareholder.

3.7.8.2 Conditions precedent for the FIMI Fund's obligation to close the Transaction:

- (2) Mr. Shani's fulfillment of all the obligations he is required to meet pursuant to the provisions of the agreement with the controlling shareholder, by or before the Transaction closing date.
- (3) Obtaining third-party consents required for completing the acquisition of shares from Mr. Shani or for closing the Transaction with the Company pursuant to the Investment Agreement (as stated in section 3.6.4.2 above), including the approval of the Antitrust Commissioner for executing the Transaction, provided it does not contain conditions or restrictions. As of the date of the report, the Company is working on preparing the application to the Antitrust Commissioner and will be submitting it within the coming days.
- (4) Signing of a trust agreement between Mr. Shani, the FIMI Fund and the Trustee in respect of the additional shares of the controlling shareholder, effective as of the closing date.

- (6) Completion of the acquisition by the FIMI Fund of the Allocated Shares, pursuant to the Investment Agreement.

3.7.9 **Indemnification**

- 3.7.9.1 In the framework of the agreement, each party has undertaken to indemnify the other party, its members, officers and employees with respect to any loss, cost, damage and expense (except goodwill damages, and indirect and consequential damages) incurred to them, without any time limitation, which originate in the breach of any representation made in the agreement with the controlling shareholder or in that any such representation proves to be incorrect.
- 3.7.9.2 To the extent that the FIMI Fund shall be entitled to indemnification due to the Company's breach of its representations under the Investment Agreement (whether or not it has exercised its said right to indemnification), the price per share under the agreement with the controlling shareholder shall decrease so as to reflect the Company's effective value in light of the damage incurred to the FIMI Fund as a result of the Company's breach of representations (hereinafter: the "**adjusted share price**"). Within 14 days of the date on which the aforesaid entitlement vests in the FIMI Fund, Mr. Shani shall indemnify the FIMI Fund by paying the difference between the price paid to him by the FIMI Fund under the agreement and the total obtained from multiplying the number of shares sold to the FIMI Fund by Mr. Shani under the agreement by the adjusted share price. This indemnification shall constitute an exclusive remedy to which the FIMI Fund shall be entitled from Mr. Shani with respect to the incorrectness or breach of the Company's representations included in the Investment Agreement.
- 3.7.9.3 For each party, the minimum amount of damages accrued (whether caused in connection with the agreement with the controlling shareholder or in connection with the Investment Agreement) in respect of which it is entitled to demand indemnification shall be two (2) million shekels. In the event the damages accrued exceed the said amount, the party that caused these damages shall indemnify the other for the full amount of the damages, starting from the first shekel.
- 3.7.9.4 A party shall not be liable for indemnification of the other party under this agreement for an amount exceeding the amount to be paid by the FIMI Fund to

Mr. Shani pursuant to the provisions of the agreement with the controlling shareholder (provided no fraud is involved), nor for indirect, punitive or consequential damages.

3.8 **Shareholders' Agreement**

As the Company was informed by Mr. Shani, on the closing date Mr. Shani and the FIMI Fund shall enter into the Shareholders' Agreement, formalizing the relationship between them in connection with their joint control of the Company after the closing of the Transaction. In the framework of the Shareholders' Agreement, the following matters were formalized:

3.8.1 **The Company's Board of Directors**

3.8.1.1 Mr. Shani and the FIMI Fund (each hereinafter referred to individually as "**shareholder**" and jointly as the "**shareholders**") have undertaken to vote, any time after the closing of the Transaction, by virtue of all the Company shares held by them, at any General Meeting of the Company's shareholders whose agenda includes the appointment of Company directors, for the appointment of the director candidates designated by each party as follows:

3.8.2.3 The foregoing notwithstanding, pursuant to the provisions of the Shareholders' Agreement, the right of first offer and the tag-along right may be assigned to a permitted transferee¹⁰ and they shall not apply to: (a) the transfer of shares by a shareholder to a permitted transferee; and/or (b) sales accrued on the stock exchange by a shareholder of up to 10% of the shares held by said shareholder as of the Transaction closing date.

- b. Mr. Shani and Ms. Shani are well known and have a good reputation in the Company's areas of business, and the Company's reputation and goodwill are closely tied to the fact that Mr. Shani and Ms. Shani are controlling shareholders and senior officers of the Company.

5. **Approval of the continued application of the letters of exemption and indemnification of Mr. Haim Shani and Ms. Bareket Shani for a further period of three years, from the date of the Meeting, in accordance with section 275(a1) of the Companies Law, and the inclusion of Mr. Shani and Ms. Shani in the Company's directors and officers insurance policy (item 2.4 on the agenda of the Meeting):**

- 5.1 On March 29, 2016 the Compensation Committee and the Board of Directors of the Company resolved to approve, subject to the approval of the General Meeting of the Company's shareholders in accordance with section 275(a1) of the Companies Law, the continued application of the letters of exemption and indemnification of Messrs. Shani, in the customary wording, in accordance with that section, for a further three years as of the date of the Meeting, at the same terms as those approved for officers who are not controlling shareholders of the Company or their relatives.
- 5.2 In addition, on March 29, 2016 the Compensation Committee and the Board of Directors of the Company approved the inclusion of Messrs. Shani in the Company's directors and officers liability insurance policy for a further three years as of the date of the Meeting, at the same terms as the other officers who are not controlling shareholders of the Company or their relatives.

6. **Names of the controlling shareholders having a personal interest in the transactions and the nature of such interest**

- 6.1 The controlling shareholder of the Company having a personal interest in the transactions is Mr. Haim Shani. Mr. Shani holds 6,139,551 ordinary shares of the Company of NIS 0.02 par value each (hereinafter: "**shares**") representing 61.38% of the issued and paid-up share capital of the Company (61.38% fully diluted) and serves as a director of the Company, as Chairman

of the Board of Directors and CEO of the Company and as a director of the Company's subsidiaries.

- 6.2 Ms. Bareket Shani, Mr. Shani's wife, serves as Deputy CEO and VP Human Resources of the Company, as a director of the Company and as a director of its subsidiaries.
- 6.3 Mr. Haim Shani and Ms. Bareket Shani have a personal interest in the approval of resolution 2.1 on the agenda, due to Mr. Shani entering, as an integral part of the Transaction, into an agreement for the sale of some of his shares in the Company to the FIMI Fund, as detailed in section 3.7 above, as well as his intention to enter into the Shareholder's Agreement with the FIMI Fund, as detailed in section 3.8 above.
- 6.4 Mr. Haim Shani and Ms. Bareket Shani have a personal interest in the approval of resolution 2.1 on the agenda, since receiving the approval of the General Meeting that is being convened by this report to said resolution is a condition precedent to the closing of the Transaction. Accordingly, resolution 2.1 on the agenda, including all the resolutions set out in its subsections, is being submitted for approval by the majority prescribed in section 275 of the Companies Law.
- 6.5 In addition, Mr. Haim Shani and Ms. Bareket Shani have a personal interest in the approval of resolutions 2.3-2.4 on the agenda, since these resolutions deal with the terms of their service and employment by the Company.
- 6.6 Consequently, Mr. Shani and Ms. Shani did not participate in the discussion and in the votes held by the Audit Committee, the Compensation Committee and the Board of Directors regarding the approval of the Transaction and regarding the Board of Directors' recommendation to the General Meeting to approve the Transaction, to approve the amendment to Mr. Shani's employment agreement, to approve for three years Mr. Shani's amended employment agreement and Ms. Shani's employment agreement and to approve the continued application of the letters of exemption and indemnification, in their customary wording, to Mr. Shani and Ms. Shani.

7. **Manner of setting the consideration:**

- 7.1 Approval of the investment transaction per item 2.1 on the agenda: The terms of the Investment Agreement, including the percentage of shares in the Company's issued and paid-up share capital which are to be allocated to the FIMI Fund following the closing of the Transaction, the price per share (NIS 16) and the company value used as a basis for the Transaction, were set in negotiations between the Company and the FIMI Fund. The terms of

the agreement were set taking into account, inter alia: (a) the limited marketability of the Company's shares both on the Tel Aviv Stock Exchange and on the Euronext Exchange; (b) the price of the Company's share on the Tel Aviv Stock Exchange immediately prior to the approval of the Transaction by the Audit Committee and the Board of Directors (NIS 12.3); and (c) the premiums in investment transactions with similar characteristics to those of the Transaction which is being submitted for approval pursuant to this immediate report, made in recent years by public companies in Israel. For a summary of the reasons of the Audit Committee and the Board of Directors for approving the Transaction, including the consideration in respect thereof, see section 10 below.

7.2 Approval of the Employment Agreements per item 2.3 on the agenda: The consideration paid to each of Messrs. Shani for their services is consistent with the Company's Compensation Policy and with the contribution of Mr. Shani and Ms. Shani to the Company, as determined by the Compensation Committee and the Board of Directors of the Company when approving the Employment Agreements and given the importance and dependence attributed by the Audit Committee and the Board of Directors to their continued employment by the Company. In accordance with the Company's Compensation Policy, the Audit Committee and the Board of Directors examined the salary levels of officers in similar positions in companies with a similar scope of activity and found that the terms of employment of Mr. Shani and Ms. Shani (as detailed in section 4 above) are commensurate with their positions and qualifications.

7.3 Approval of the continued application of the letters of exemption and indemnification and inclusion in the directors and officers liability insurance policy per item 2.4 on the agenda: The terms of the letters of exemption and indemnification are intended to provide for the maximum protection permitted by law, in the same manner as for all the directors and officers of the Company. Similarly, the terms of the Company's directors and officers liability insurance policy are the same for all the Company's officers, including both those who are and those who are not controlling shareholders of the Company or their relatives.

8. **Required approvals or terms set for the execution of the transactions:**

8.1 Under section 275 of the Companies Law, a private placement in which the controlling shareholder has a personal interest requires the approval of the Audit Committee and the Board of Directors, and under section 274, a private placement to someone who will become an interested party requires the approval of the Board of Directors. Such a private placement was approved by the Audit Committee and the Board of Directors of the Company on March 17, 2016. Furthermore, transactions with the controlling shareholder or his relatives relating to the

terms of their service and employment require the approval of the Compensation Committee and the Board of Directors. These transactions (items 2.3 and 2.4 on the agenda of the Meeting) were approved by the Compensation Committee and the Board of Directors of the Company on March 29, 2016.

8.2 The private placement as well as the transactions relating to the terms of service and employment of the Company's controlling shareholder or his relatives also require the approval of the General Meeting of the Company's shareholders under sections 274 and 275 of the Companies Law, convened in the manner detailed below, by the majority required by law as described there.

8.3 In addition, the closing of the transaction of investment by the FIMI Fund in the Company (item 2.1 on the agenda) is subject to the fulfillment of the conditions precedent set forth in sections 3.6.4 and 3.7.8 above. Resolutions 2.1.1-2.1.7 on the agenda of the Meeting are subject to the closing of the Transaction, and insofar as these resolutions are adopted by the General Meeting, they will become effective upon the closing of the Transaction.

9. **Similar transactions between the Company and the controlling shareholder made in the last two years or still in effect:**

9.1 Approval of the investment transaction:

In the two years prior to the date of approval of the investment transaction by the Board of Directors, the Company did not make any transactions of the same type as or similar to the investment transaction and no transactions of this sort were concluded.

9.2 Approval of the employment agreements of the controlling shareholders and the amendment thereof (items 2.1.2 and 2.3 on the agenda of the Meeting):

On May 27, 2014 and on June 30, 2014, respectively, and thereafter in additional meetings on July 20, 2014, the Compensation Committee and the Board of Directors of the Company, and subsequently on September 4, 2014 the General Meeting of the Company's shareholders, resolved to approve the employment agreements of the Company's controlling shareholder and his wife, in accordance with section 275(a1) of the Companies Law.

9.3 Grant of letter of exemption and indemnification to the controlling shareholder and his wife (item 2.4 on the agenda of the Meeting):

On May 27, 2014 and on June 30, 2014, respectively, and thereafter in additional meetings on July 20, 2014, the Compensation Committee and the Board of Directors of the Company, and

subsequently on September 4, 2014 the General Meeting of the Company's shareholders, resolved to grant Messrs. Shani letters of exemption and indemnification, for three years effective as of the date of the Meeting, in accordance with section 275(a1) of the Companies Law, at the same terms as those approved for officers who are not controlling shareholders of the Company or their relatives.

10. **Summary of reasons of the Compensation Committee and the Board of Directors for approving the transactions on the agenda of the General Meeting:**

10.1 **Approval of the investment transaction:**

The Audit Committee and the Board of Directors of the Company approved the Investment Agreement according to its terms as detailed above, including the Company's signing of the Investment Agreement and performance of its obligations thereunder, the extraordinary private allocation of the Allocated Shares to the FIMI Fund, effective as of the closing date of the Transaction, in the name of Mizrahi Tefahot Nominee Company Ltd. on behalf of the FIMI Fund, the holding of the Additional Shares in reserve in the Company's capital and approval of their allocation in the future, should the FIMI Fund be entitled to them by virtue of the activation of the adjustment mechanism and in accordance with the provisions of the Investment Agreement, and the listing of the Allocated Shares and the Additional Shares (should they be allocated in the future), and the Compensation Committee approved the aspects of employment and service conditions as described in this report above, all of the above for the reasons set out below:

10.1.1 The Company will use the consideration from the Transaction for its day-to-day needs, for increasing the Company's capital and for financing its current operations, including financing the expansion and development of the Company's activity in the automated parking solutions segment.

10.1.2 The percentage of the Allocated Shares in the Company's issued and paid-up capital after the closing of the Transaction, the price per share (NIS 16) and the company value used as a basis for the Transaction are appropriate and fair, inter alia considering: (a) the limited marketability of the Company's shares both on the Tel Aviv Stock Exchange and on the Euronext Exchange; (b) the price of the Company's share on the Tel Aviv Stock Exchange immediately prior to the approval of the Transaction by the Audit Committee and the Board of Directors (NIS 12.3); and (c) the premiums in investment transactions with similar characteristics to those of the

Transaction which is being submitted for approval pursuant to this immediate report, made in recent years by public companies in Israel.

- 10.1.3 Based on the excellent reputation of the FIMI Fund and its possession of proven experience, resources and business connections, on becoming a controlling shareholder of the Company the FIMI Fund can be expected to contribute to the Company's value, plans, advancement and activity, including the development of the Company's business strategy, the location and realization of new business opportunities and the branding and positioning of the Company in the markets in which it operates.
- 10.1.4 The planned appointment of candidates recommended by the FIMI Fund to the Board of Directors of the Company has the potential to add significant value to the Company and its activity, inter alia in view of their qualifications and experience as directors on the boards of numerous private and public companies, and particularly as directors on the boards of industrial companies.
- 10.1.5 The Audit Committee and the Board of Directors of the Company considered the terms of the Investment Agreement and determined that entering into the agreement does not involve a "distribution" as this term is defined in the Companies Law.
- 10.1.6 The amendment of the employment agreement of the Company's controlling shareholder is consistent with its Compensation Policy.
- 10.1.7 The grant of a letter of exemption and indemnification to the directors recommended by the FIMI Fund is an accepted protection provided by the Company to all its directors and is also an accepted protection in public companies for officers including directors who act on their behalf, enabling them to act in the company's interest in the knowledge that even in the event of an error on their part they will be granted protection, subject to the limitations of the law.
- 10.1.8 The inclusion of officers, including directors, in officers liability insurance policies is customary in public companies in Israel and is also essential for enabling the Company's officers, including its directors, to act freely in the Company's interest while reducing their personal exposure.
- 10.1.9 In the estimation of the Compensation Committee and the Board of Directors of the Company, the terms of office and employment offered to the directors, as detailed in section 3.13 above, are fair, reasonable and commensurate with their responsibilities

as directors of the Company, considering the Company's size, scope of operations and profitability as well as their education, expertise and professional experience.

10.1.10 Mr. Amit Ben-Zvi has proven experience of many years in managerial positions with companies in a variety of areas. Given his close familiarity with the capital market, the Compensation Committee and the Board of Directors of the Company see great importance in engaging with Mr. Ben-Zvi and in his appointment as Chairman of the Board of Directors of the Company. The proposed remuneration for Mr. Ben-Zvi is lower than the amount of the remuneration for managers of his standing in companies of the same kind and size as the Company. In light of all the foregoing, the Compensation Committee and the Board of Directors of the Company estimate that the terms of service and employment of Mr. Ben-Zvi, which are being submitted for approval pursuant to this immediate report, are appropriate, reasonable and fair and comply with the provisions of the Company's Compensation Policy, and they are in the Company's interest.

10.1.11 In light of all the foregoing, the members of the Audit Committee and the Board of Directors of the Company believe that the Company's entry into the investment transaction with the FIMI Fund, including the extraordinary private placement of shares of the Company to the FIMI Fund as part of the Transaction, and the approval of the allocation of the Additional Shares in accordance with the adjustment mechanism, is fair, appropriate and reasonable and in the Company's interest.

The assessments of the Audit Committee, Compensation Committee and the Board of Directors of the Company as to the impact of the Transaction on the Company, its activity and its financial results constitute forward-looking information, as the term is defined in the Securities Law, 5728-1968. These assessments might not be realized, or might be realized only partially or in a different manner than expected, due to various events over which the Company does not have full control, including changes in the capital market, future resolutions of the Company's competent organs, changes in the industry in which the Company operates, full exploitation of the advantages offered by the investment, etc.

10.2 Approval of the Employment Agreements per item 2.3 on the agenda:

The Compensation Committee and the Board of Directors of the Company approved the Employment Agreements for the reasons set out below:

- 10.2.1 The Employment Agreements are fully consistent with the Company's Compensation Policy.
- 10.2.2 The Compensation Committee and the Board of Directors acknowledge the significant and ongoing contribution of Mr. Shani and Ms. Shani and see a direct connection between each of them, the terms of their remuneration and the Company's success. Accordingly, the Audit Committee and the Board of Directors consider that the approval of the Employment Agreements is commensurate with the services and qualifications of Mr. Shani and Ms. Shani, given the importance and dependence attributed by the Board of Directors to their continued employment by the Company, and will facilitate the continued receipt of these services, and they believe as well that this is the accepted remuneration for holders of corresponding positions in companies with a similar scope of activity.
- 10.2.3 The Board of Directors of the Company determined that the Company has a significant dependence on the services of Mr. Haim Shani and Ms. Bareket Shani, due inter alia to the following reasons:
- a. As the Company's founders, Mr. Shani and Ms. Shani have many years of close and direct familiarity with the entire range of technologies and products developed, manufactured and distributed by the Company from its inception to this day, as well as with the Company's markets, customers and service providers.
 - b. Mr. Shani and Ms. Shani are well known and have a good reputation in the Company's areas of business, and the Company's reputation and goodwill are closely tied to the fact that Mr. Shani and Ms. Shani are controlling shareholders and senior officers of the Company.
 - c. As an outcome, Mr. Shani and Ms. Shani are actively involved at all levels of the Company's day-to-day activity, and their replacement would entail an especially prolonged handover period, apart from which finding replacements with the same scope of knowledge and experience as Mr. Shani and Ms. Shani could involve substantial inputs.
 - d. In addition, the replacement of Mr. Shani and Ms. Shani could involve high costs, given the low salary they have drawn from the Company over the years compared to holders of similar positions in companies operating on a similar scale.
- 10.2.4 These transactions are in the Company's interest.

10.3 Approval of the continued application of the letters of exemption and indemnification per item 2.4 on the agenda:

The Compensation Committee and the Board of Directors of the Company approved the continued application of the letters of exemption and indemnification of Messrs. Shani, in the customary wording, in accordance with section 275(a1) of the Companies Law, for a further three years as of the date of the Meeting, at the same terms as those approved for officers who are not controlling shareholders of the Company or their relatives, for the reasons set out below:

10.3.1 The letters of exemption and indemnification and the inclusion of Messrs. Shani in the Company's officers liability insurance policy are consistent with the Company's Compensation Policy.

10.3.2 The Company seeks to grant all its officers the maximum protection permitted by law.

10.3.3 In the opinion of the Compensation Committee and the Board of Directors of the Company, the continued application of the letters of exemption and indemnification of Mr. Shani and Ms. Shani and their inclusion in the directors and officers liability insurance policy is reasonable and appropriate in the circumstances of the case, given the major contribution made by Mr. Shani and Ms. Shani to the Company, the scope of their activity in the Company and their exposure in their positions with the Company.

10.3.4 The continued application of the letters of exemption and indemnification of Mr. Shani and Ms. Shani, in the same wording as for the Company's other officers, and their inclusion in the insurance policy, are in line with the Company's policy of not discriminating between different officers of the Company in the protection granted to them against insurable and indemnifiable exposures in their capacity as officers.

10.3.5 The transaction is in the Company's interest.

3. Compensation Policy – general

- 3.1 In accordance with the provisions of Amendment No. 20, on November 22, 2012 the Board of Directors set up a Compensation Committee which was tasked with performing the functions assigned to it in the Companies Law, and *inter alia* recommending to the Board of Directors a Compensation Policy for officers of the Company.
- 3.2 On October 23, 2013, after accepting the recommendation of the Compensation Committee, the Board of Directors adopted a resolution approving a Compensation Policy for Company officers for a period of three years commencing on the date of approval of the Compensation Policy by the General Meeting. On November 17, 2013, after receiving the recommendation of the Compensation Committee, the Board decided to adopt certain changes in the Compensation Policy, which are detailed in the current version.
- 3.3 Starting from the date of approval of the Compensation Policy by the General Meeting, the terms of service and employment of Company officers will be determined and approved in accordance with the Compensation Policy and the

provisions of the Companies Law, subject to the exceptions specified in the Companies Law.

- 3.4 Although, as stated, the Compensation Policy requires the approval of the General Meeting, nevertheless, should the General Meeting oppose the approval of the Compensation Policy, wholly or partly, the Board of Directors may determine the Compensation Policy without the approval of the General Meeting, provided the Compensation Committee and thereafter the Board of Directors have reviewed the Compensation Policy and decided, based on detailed reasons, that the approval of the Compensation Policy in spite of the opposition of the General Meeting is to the Company's benefit.
- 3.5 The Compensation Policy was formulated in an orderly internal process, so as to realize, on the one hand, the Company's wish to compensate its officers for their success in achieving the Company's objectives, retain them over the long term and increase their sense of identification by creating a common interest, while ensuring, on the other hand, that the compensation according to the policy benefits the Company and its shareholders and accords with the Company's organization-wide strategy. To ensure that the foregoing is fulfilled, the Board of Directors established guiding principles for the implementation of the Compensation Policy through various mechanisms and tools, all as set out hereinafter in this document.
- 3.6 The Compensation Policy is an advanced tool, based on targets and measures derived, *inter alia*, from the Company's annual and multiannual work plans.
- 3.7 The Company will act in accordance with any present or future statutory provision relating to its Compensation Policy.
- 3.8 Deviations from the Compensation Policy, if and to the extent they are necessary, may be made according to the mechanisms established in the Companies Law. If an officer is granted terms of service and employment that are inferior to those set out in this Compensation Policy, this will not be considered a deviation or divergence from the Company's Compensation Policy, and such terms of service and employment will not require approval for that reason, apart from the approval of the Approving Entity, to the extent that such approval is required for terms of service and employment in deviation from a Compensation Policy.
- 3.9 Updates to the Compensation Policy will be examined, discussed and approved by the Approving Entities in accordance with the provisions of the Companies Law. In addition to the areas of responsibility of the Approving Entities in connection with the Compensation Policy, as set out below, maintaining the currency of the Compensation Policy is also the responsibility of the Company's Vice President of Human Resources.
- 3.10 It is clarified that this document does not in and of itself confer any right on officers and/or any other third party, explicitly or implicitly, and it may not be used in the interpretation of agreements or other legal documents, even if they deal with the terms of service and employment of officers.

4. Compensation Policy formulation and approval process

The following are the entities that participate in the formulation and approval of the Compensation Policy:

- 4.1 **Compensation Committee:** The Compensation Committee gives the Board of Directors its recommendation regarding the approval of the officers' Compensation Policy. Details of the functions and powers of the Compensation Committee are set out in Section 118B of the Companies Law and hereinafter in this document.
- 4.2 **Board of Directors:** The Board of Directors approves the Compensation Policy and considers from time to time the need to update it. Details of the functions and responsibilities of the Board of Directors in connection with the Compensation Policy, in addition to those established in the Companies Law, are set out in Section 6 below.
- 4.3 **General Meeting:** Approves the Compensation Policy in accordance with the provisions of the Companies Law, subject to the qualification referred to in Section 3.4 above.
- 4.4 **General:** Any other, different or additional entity defined from time to time in the Companies Law as an Approving Entity. In addition, the Board of Directors and/or the Compensation Committee will turn to external advisers, as they see fit, for assistance in the formulation/revision of the Compensation Policy as well as with respect to oversight and control over its actual implementation.

5. Purposes of Compensation Policy

The purpose of the Compensation Policy is to help the Company advance its goals, work plans and policies in the long term, while striving to achieve the following objectives:

- 5.1 Recruitment and retention of quality personnel, in order to help the Company achieve its objectives.
- 5.2 Enhancing the motivation of Company officers, by creating a correlation between their personal success and the Company's success in achieving its objectives.
- 5.3 Improving the balance between the fixed and variable compensation components, as well as between the long-term and the short-term compensation components.
- 5.4 Setting benchmark ranges for the terms of service and employment of Company officers, both in comparison with standard terms of service and employment in the market and in comparison with the average salary of the Company's other employees.
- 5.5 Increasing the involvement of the Company's shareholders in determining the terms of service and employment of Company officers.

6. Oversight and Control of Officers' Compensation

- 6.1 The Board of Directors is in charge of the management and implementation of the Compensation Policy as well as all the activities required for this purpose, including the authority to interpret the provisions of the Compensation Policy, as necessary, also but not only in case of a doubt regarding the manner of its implementation. Without derogating from the above, the Approving Entities will examine the degree of compliance with the criteria (benchmarks) set in the Compensation Policy, prior to the approval of terms of service and employment for a Company officer, taking into account the data presented to them by the Company's management.

- 6.2 The Board of Directors will discuss and decide on the manner of supervision of the proper implementation of the Compensation Policy, in order to ascertain that the officers' terms of service and employment accord with the Compensation Policy, while maintaining consistency between the Compensation Policy and the Company's annual and multiannual work plans and its budget. Among other things, the Board of Directors will establish rules for control, reporting and correction of deviations, if any, from the Compensation Policy.
- 6.3 The Board of Directors will review the Compensation Policy periodically, and at least once a year shortly before the date of approval of the Company's financial statements, as detailed in Section 6.4 below, with respect to the officers' performance level and compliance with predetermined targets, with respect to the conformance of the terms of service and employment actually granted by the Company to the benchmarks and other criteria set in this Compensation Policy, and with respect to the Company's risk level, and it will update the Compensation Policy (should it consider this necessary) after receiving the Compensation Committee's recommendation and subject to the approval of the General Meeting, insofar as required by the Companies Law.
- 6.4 Shortly before the date of approval of the Company's annual financial statements, beginning in the year in which the Compensation Policy has been approved, the Compensation Committee and the Board of Directors will discuss the implementation of the Compensation Policy in the relevant year and consider, *inter alia*, the measures underlying the compensation targets pursuant to the policy, as presented by the Company's management.
- 6.5 As part of the process of approval by the Board of Directors of each annual and multiannual work plan of the Company, including their various components, the Board of Directors will consider whether the Company's work plans and budget are consistent with its existing Compensation Policy.

7. Board of Directors' guiding principles for implementing the Compensation Policy

The Board of Directors' guiding principles for implementing the Compensation Policy are intended to ensure a proper balance between the wish to incentivize and retain officers in the Company and the requirement that the Compensation Policy benefit the Company and its shareholders and accord with the Company's work plans and its organization-wide strategy.

In accordance with the Board of Directors' resolution, the Compensation Policy will not be implemented in a manner liable to create incentives for taking risks that deviate from the Company's risk policy, as determined from time to time by the competent organs.

Therefore, whenever the Company's management and the Approving Entities engage in implementing the Compensation Policy, their decisions will be guided, *inter alia*, by the following principles:

- 7.1 Conformance between the Compensation Policy and the Company's financial position and long-term goals – The Compensation Policy includes budget limitations as well as personal caps for officers, to which the Approving Entities must strictly adhere when considering and approving an officer's terms of service and employment. Any deviation from any or all of the provisions of the Compensation Policy is subject to the conditions set forth in Section 7.7 below.

- 7.2 Conformance between the Compensation Policy and compliance with targets – Implementation of the Compensation Policy must reflect the officer's contribution, within the organizational unit in which he operates, to the Company's operations and results. The compensation targets included in the Compensation Policy are classified at two levels within the Company: (a) quantitative targets connected with the organizational unit in which the officer is employed at the Company and/or with the Company as a whole; (b) qualitative targets connected with the officer himself and his functioning.
- 7.3 Connection between an officer's compensation and the Company's business results – The terms of service and employment of Company officers will be affected, among other factors, by the Company's business results and by each officer's contribution to the achievement of those results. The higher up an officer is in the managerial hierarchy, the greater the impact the Company's business results and his personal contribution to the achievement of those results will have on the amount of his compensation. Accordingly, the higher an officer's ranking in the managerial hierarchy, the greater the weight of the variable compensation components (to the extent there are any such in the officer's terms of service and employment) will be within the terms of service and employment of that officer.
- 7.4 Quantitative criteria – The Compensation Policy establishes quantitative criteria for examining an officer's performance in terms of compliance with different performance levels. These criteria must be reflected within the framework of the implementation of the Compensation Policy.
- 7.5 Qualitative criteria – The Compensation Policy establishes, in addition to financial criteria, qualitative criteria for examining an officer's performance also with respect to non-financial criteria. These criteria as well must be reflected within the framework of the implementation of the Compensation Policy. Such qualitative criteria will be applied, *inter alia*, on the basis of recommendations by the CEO to the appropriate organs of the Company to approve, subject to any law: (a) the grant of bonuses classified as short-term variable compensation plans within the framework of the qualitative components ("**manager's evaluation**"); and (b) the grant of a special bonus, all the above as detailed in Sections 15-16 below.
- 7.6 Balancing between the quantitative criteria and the qualitative criteria – In implementing the Compensation Policy, the Company must strive to achieve an appropriate balance between the variable components and the fixed components of the officers' terms of service and employment, giving the appropriate relative weight to the quantitative criteria, on the one hand, and the qualitative criteria, on the other.
- 7.7 Components designed to allow managerial flexibility in response to exceptional circumstances – The Compensation Policy includes definitions that allow the Approving Entities managerial flexibility when acting within the framework of the policy, as well as the possibility of deviating from any or all of the provisions of the policy, in "special cases,"¹ based on considerations of the Company's good, in accordance with the provisions of the Companies Law. Where approval is given for compensation not in accordance with the Compensation Policy, the Approving

¹ Special cases can include exceptional qualifications of the officer, retention of an especially high-quality officer by the Company, exceptional achievements of an officer, and any other special circumstances determined by the Approving Entities to constitute a special case in this regard, based on reasons that will be set out in every such decision.

Entities will nevertheless examine all the considerations and criteria set out in this document and those obligated by the Companies Law.

8. Effect of the Company's size and the nature of its activity on officers' compensation

In formulating the Compensation Policy, the Compensation Committee and the Board of Directors considered, among other things, the effect of the Company's size as well as the areas in which it operates and the scope of its operations on the Compensation Policy, relative to the Zviran Survey – a salary survey in Israel's technology sector in which the Company also participates. A comparison between the compensation components at the Company and the compensation components, according to the Zviran Survey, at companies which are similar to the Company in terms of size (150-500 employees), ownership (public) and status (Israeli company) (the comparison is based on the Zviran Survey, as discussed in Section 11.6 below), the compensation components detailed in this Compensation Policy Document for officers of the Company are appropriate, fair and reasonable. A similar ad-hoc examination will be performed for the terms of service and employment actually granted to each Company officer, prior to signing an agreement with him and from time to time at intervals to be determined.

In addition, if and to the extent that the scope of operations of the Company and/or its areas of operation change significantly, the Compensation Committee and the Board of Directors will examine the effect of such change on the terms, criteria and benchmarks set in this Compensation Policy Document, and, if necessary, will act to have it updated in accordance with the provisions of the Companies Law.

9. Ratio between officers' compensation and compensation of the Company's other employees

The Company sees great importance in maintaining reasonable and fair differences between the compensation paid to Company officers and the compensation paid to non-officer employees.

The Compensation Committee and the Board of Directors examined the ratio between the existing terms of service and employment of officers and the existing average and median salary of the Company's other employees, as well as the ratio between the existing terms of service and employment of officers and the average and median current cost of employment of the Company's other employees. Based on this examination and considering the Company's nature, size and areas of operation, they found that this ratio is fair and reasonable and has no significantly adverse effect on labor relations at the Company. A similar ad-hoc examination will be performed for the terms of service and employment actually granted to each Company officer, prior to signing an agreement with him and from time to time at intervals to be determined.

In addition, for the purpose of maintaining such a fair and reasonable ratio, the Compensation Committee and the Board of Directors will examine from time to time, and at least once a year, the changes in this ratio. If it is found that the ratio is not fair and reasonable, *inter alia* considering the existing ratio at other public companies traded on the Tel Aviv Stock Exchange which are similar to the Company in terms of size, scope of operations and areas of operation, the Compensation Committee and the Board of Directors will consider how and by what means this ratio can again be made fair and reasonable, all in accordance with the provisions of any law.

The ratio between cost of the terms of service and employment of officers and other employees of the Company

The fringe benefit components are detailed in the definitions in Section 2 of this document, and the details of the terms granted in connection with each component are detailed hereinafter in this document.

- 15.13 Continuing education programs and courses – The Company will bear the costs of continuing education programs and courses attended by the CEO or a controlling-shareholder officer or his relative, according to its decision.
- 15.14 Overtime – Overtime will be paid in accordance with the law. Since the CEO and/or a controlling-shareholder officer or his relative are designated as "employees in management positions or in positions requiring a special degree of personal trust" as this term is defined in the Hours of Work and Rest Law, 5711-1951, this law does not apply to them.
- 15.15 Definition-dependent salary components – The Company may base a portion of the salary of the CEO and/or a controlling-shareholder officer or his relative on special components connected with the performance of specific tasks related to his area of responsibility, including payment based on shifts, on-call duty, etc.
- 15.16 Confidentiality, transfer of intellectual property rights, IT policies – When signing an employment agreement with the Company, the CEO or a controlling-shareholder officer or his relative will commit to confidentiality, undertake to transfer to the Company all his rights in any developments and other intellectual property developed by him in the course of his employment by the Company, and agree to the Company's policies on the use of and access to the Company's IT systems, in the Company's standard wording from time to time.

16. Variable compensation – special bonus to officers, excluding a controlling-shareholder

In addition to all the foregoing, the Approving Entities will consider whether, and under what conditions, also to pay officers (excluding s controlling- shareholder) a special bonus.

The considerations for paying an officer (excluding s controlling- shareholder) a special bonus will include special effort, compliance with quality targets, retention of human capital and maintaining high motivation. The cap on the calendar annual special bonus for an officer (excluding s controlling- shareholder) shall be the higher between (a) 20% of the officer's total annual variable compensation or (b) 3 times the officer's monthly salary . The payment of a special bonus to an officer (excluding s controlling- shareholder) will be submitted to the approval of the Approving Entity, which, if necessary, will also consider the circumstances of the grant.

17. Variable compensation – bonus plan for officer excluding the Company CEO

17.1 The mechanism for payment of an annual bonus and/or grant to officers excluding the CEO is determined based on one or more of the following components, compliance with which is examined on a yearly basis:

a. Measurable components – Personal targets and/or targets of the organizational unit in which the officer is employed, as defined from time to time and for the specific officer by the Approving Entities, including but not limited to measures of profitability, return on equity, cash flow, sales targets, growth, EBIDTA, capital issues, business performance and/or a combination of one or more of these measures, or other measures.

b. Non measurable components – CEO's evaluation.

17.2 The amount of the bonus to which an officer is entitled will be determined with reference to his rate of compliance with the aforesaid targets, as determined in advance and approved by the Approving Entities, who will consider, *inter alia*, the impact of those targets on the Company's risk management policy. Said targets will be, to the extent possible, realistic and reasonable, so that the officer does not assume excessive risks with the aim of achieving those targets and earning a bonus.

17.3 The CEO's evaluations relates to subjective and quality measures, such as initiative, innovativeness, quality of management, loyalty to the organization, determination, personal advancement,, team work, human relations, additional tasks, etc., all subject to the CEO's judgment.

17.4 Bonus determination mechanism

The mechanism for calculation of the target-compliance bonus will be determined according to the following breakdown:

17.4.1 80% - 100% for at least two of the following financial targets according to the segment to which the officer belongs: volume of sales, gross profit, EBIDTA and segment result as calculated based on the Company's consolidated financial statements. A quantitative scale will be applied to each of the financial targets, as follows:

17.4.1.1 Minimum performance threshold below which an officer will not earn a bonus.

17.4.1.2 Maximum performance threshold within which the officer will earn a proportionate bonus and above which the officer's performance will be deemed exceptional and will earn him an addition bonus for a predetermined amount.

17.4.2 Up to 20% for qualitative targets based on the CEO's evaluation, as discussed above.

17.5 Threshold condition for payment of a bonus – The Approving Entities may set minimum threshold conditions for the payment of a grant, based on one or more measurable financial components with respect to the Company's performance during the year for which the grant is to be paid.

17.6 Bonus approval process and / or the actual bonus - at the end of each year, the degree of the officer's compliance his personal goals that had been set to him, in advance and in goals of the sub- organizational frame in which he is employed and a CEO evaluation shall be conducted. The actual grants be actual paid to officers, will be submitted to the approval of the Approving Entity, soon after the approval of the financial statements of the Company for the year for which the bonus is payable.

18.Variable compensation – bonus plan for the Company CEO

In addition to all the foregoing, the Approving Entities will consider whether, and under what conditions, also to pay the Company CEO a special bonus, based on targets or other conditions as detailed above and below, according to a fixed mechanism or on an ad hoc basis.

18.1 Without derogating from the generality of the foregoing, the Company CEO is entitled to an annual grant for each calendar year during which he is employed as Company CEO, within 30 days from the date of approval of the financial statements for any calendar year by the Board of Directors, at a rate of of the pretax profit for that year (cost to the Company), net of minority interests in respect of investee companies ("**bonus on profits**"). The rate of the bonus from the profit, as approved by the Approving Entity shall not exceed 10%. The bonus on profits will be calculated for each year anew (and not cumulatively), without taking losses into account. The Company may pay the bonus fully from the Company itself or partly from the Company and partly from subsidiaries of the Company.

18.2 In case that the Company's CEO is also its controlling shareholder, any change in his fixed salary and/or a bonus is subject to the approval of the Approving Entity, in accordance with the provisions of the Companies Law, unless and to the extent that the Companies Regulations (Reliefs in Transactions with Interested Parties), 5760-2000 applies and/or in case of any other approval process applicable under any law.

19.Variable compensation – officers' bonus plan, including the Company CEO – Cap

In addition to any examination that must be carried out by the Approving Entity prior to approving a bonus for a Company officer, including the Company CEO, based on quantitative and/or qualitative components as detailed above and below, and in addition to any consideration that should be taken into account by that entity, as detailed in this Compensation Policy Document and/or in the Companies Law, the amount of the variable compensation shall be limited as follows:

19.1 The total variable compensations for an officer of the Company who is not CEO shall not exceed 100 thousand per month. The total variable compensations for the CEO shall not exceed 250 thousand per month.

- 19.2 In a bonus plan linked to the Company's net profit, and in a year in which an exceptional net profit is recorded amounting to NIS 10 million and up, 10% of the amount beyond a net profit of NIS 10 million will be added to the aforesaid annual compensation cap.

20. Variable compensation – limitation and reduction

- 20.1 Limitation on the variable compensation for meeting quality objectives (un-measurable component) in a bonus program and / or special bonus - the Company shall not grant both a variable compensation to officers for meeting quality goals during a certain calendar year, and in the bonus program as part of a special bonus. Meaning, an officer that a variable compensation granted to him in respect of the bonus plan for compliance with quality objectives in a given calendar year will not receive variable compensation as special bonus to meet the quality targets in the same calendar year, and vice versa.
- 20.2 Reduction of a bonus and/or grant – Notwithstanding anything stated in this Compensation Policy Document, the Board of Directors may, at its discretion, reduce a bonus and/or grant before it is resolved to grant it in the framework of the officer Compensation Policy, based on reasonable considerations taken into account by it, including considerations as to the Company's future financial position, its ability to meet the financial covenants to which it committed (if at all), the extent of the officer's contribution, his compliance with the targets set for him, and any other circumstance in light of which withholding such bonus and/or grant, or alternatively granting it, would benefit the Company.
- 20.3 Cap on the realizable value of equity-based variable compensation – Equity-based variable compensation plans as in effect from time to time at the Company will include a cap on the realizable value. Nevertheless, in the framework of these plans the Board of Directors will be authorized, on the date of any allocation of options to an officer, to set and change the exercise price, the vesting period, the exercise period and all the other terms applying to any option so allocated, subject to the Compensation Policy and principles set forth in this document.

21. Bonus entitlement for a partial employment period

If employer-employee relations between an officer and the Company terminate in the course of a calendar year, the annual bonus mechanism according to this Compensation Policy will be adjusted to the partial employment period, such that the bonus amount paid to the officer will be adjusted to the period for which the officer is entitled to a bonus, including balances that would have been spread out over following years, and the bonus calculation will reflect the partial employment period only.

22. Bonus correction

If the Company's audited consolidated financial statements for any year are corrected, in such manner that the amount of the grant and/or bonus for measurable components that was due to an officer for that year been calculated based on the corrected data, the officer would have received a bonus in different amount (higher or lower, as the case may be), the Company will pay the officer or the officer will return to the Company, as the case may be, the difference between the amount that was actually paid and the amount which should have been paid in light of such correction, on the date of payment of the officer's next salary after the publication of the corrected statements, and in accordance with the provisions of the Wage Protection Law, 5718-1958 ("**Wage Protection Law**") with

respect to the amount of the allowed deduction. This difference will be considered an agreed and liquidated amount for purposes of Sections 25(a)(6) and 25(b) of the Wage Protection Law.

The Company is permitted not to return such difference to the officer, whenever it becomes apparent that it was created due to that officer's negligent or willful act or omission.

For the purpose of implementing the foregoing, the officer will sign, on the date of payment of any bonus and/or grant, or earlier, an undertaking to return the relevant payments, in wording as determined by the Company.

23. Equity-based compensation

The Company may grant equity-based compensation, including options and shares, subject to the approval of the Approving Entity, as part of the officer's compensation mechanism, at terms to be determined by the Company.

The terms of an option plan and the exercise price will serve as an appropriate incentive for maximizing the Company's value in the long term and for encouraging the achievement of the Company's long-term objectives. In addition, criteria will be set based on which options will not be granted (such as in circumstances that justify dismissal without severance pay, noncompliance with the vesting conditions that were set, deterioration in the Company's situation due to the officer's actions, officer's breach of trust, and any other criteria determined by the Board of Director or the Board committee in charge of managing the Company's option plan).

23.1 Criteria for determining equity-based compensation

- 23.1.1 The Company will take into account the amount of the cumulative dilution resulting from all grants made by the Company. The maximum cumulative dilution allowed due to all grants made by the Company will be limited to 15%, taking into account the actual amount of unexpired grants from the last ten years, such that immediately before each grant date the current dilution percentage versus the maximum amount determined will be recalculated. In fluctuating market conditions, the dilution percentage will be calculated taking into account the difference between theoretical dilution and actual dilution.
- 23.1.2 The exercise price and the terms of the plan will not embody an immediate benefit ("in the money" options) and/or a rebate on the share price immediately before the grant date, taking into account the volatility of the share during the period. 4.
- 23.1.3 The vesting period may not be less than three years (or partial exercise over the years).
- 23.1.4 The exercise period may not be less than one year after each vesting date.
- 23.1.5 An option plan may not include an automatic renewal mechanism.
- 23.1.6 If the Company decides to grant phantom options (options which, on the exercise date thereof, the offeree is entitled to receive in cash (and not in shares) the **difference** between the price of the Company's share and the pre-determined exercise price) or restricted shares (RS or RSU)

(entitlement to receive shares of the Company which will be issued to the offerees after a certain restriction period), , they too will be considered equity-based compensation. To remove any doubt, the exercise price of phantom options shall not include an immediate bonus (In-the-Money Options). In the event of a plan to grant restricted shares, a goal-driven mechanism will be established, as specified in section 17.1 (a) in accordance with which the shares will be granted at the end of the restriction period.

- 23.1.7 No "poison pill" options/shares will be granted (preferred share arrangement, flip-over, flip-in and voting arrangement). No automatic mechanism enabling immediate acceleration of the terms of an equity-based grant will be permitted, other than in cases of a change in control.
- 23.1.8 The grant of options/shares of a related company will be considered based on the extent of the officer's involvement in the related company's business.
- 23.1.9 Granting of options / shares in a related company will be review based on the degree of involvement of the officer in the related company's businesses.
- 23.1.10 Re-pricing (reduction in the exercise price) of an option granted to an officer will not be permitted.
- 23.1.11 The exercise price and/or the number of exercise shares will be adjusted, as customary, to the distribution of dividends/bonus shares/rights or to changes in the Company's structure/capital.

23.2 Ceiling for the value of annual equity-based compensation on the grant date

The value of equity-based compensation that is not settled in cash shall not exceed 6 times the monthly wages of an officer on the grant date, and in any case shall be limited in relation to the total compensation as specified in the table in section 10.4.

24. Compensation of Directors and Outside Directors

- 24.1 Compensation of External Directors – The compensation paid to External Directors may not exceed an annual fee and an attendance fee at the rate specified in the "maximum amount" column in the Companies Regulations (Rules Concerning Compensation and Expenses of an Outside Director), 5759-2000. No share-based grants will be given to an Outside Director. Outside Directors as well will be entitled to reimbursement of expenses as provided above.
- 24.2 Compensation of non-officer Directors – The compensation and reimbursement of expenses paid to non-officer Directors of the Company will be the same as that paid to the Company's Outside Directors.
- 24.3 Chairman of the Board – As long as the Chairman of the Board also serves as an officer of the Company (in addition to being a Director), he will not be paid any compensation for serving as Chairman of the Board. If the Chairman of the Board does not also serve as an officer of the Company (in addition to being a Director), then ~~he~~the Chairman of the Board shall be entitled to an annual compensation ~~will be of up to 55% of the total annual cost of the CEO plus VAT as applicable, at it's~~

rate from time to time, plus reimbursement of expenses as specified in Section 13.4 above. This, as determined by the Approving Entities, and subject to any approval required by the law. The Chairman who is entitled to be paid in accordance with section 24.3, shall not be entitled to any Director's fee as specified in section 24.2.

25. Insurance, indemnification and exemption

The Company may grant all or any of its Directors and officers one or more of the rights set out below, subject to the approvals required by law:

- 25.1 Insurance – Directors and officers of the Company will be insured under a directors and officers liability insurance policy for a sum up to \$10,000,000 (ten million US dollars) for any one event and in the aggregate for all damages arising during the insurance period (plus another \$5,000,000 in respect of legal defense costs) (the "**policy**"). The policy will be renewed every year, subject to approval by the Approving Entity to renew it from time to time at similar terms and for additional periods of up to 18 months each time.

The purpose of the policy is to confer on the Company's Directors and officers protection against claims. The terms of the policy are determined in negotiations between the Company and the insurance company, taking into consideration the areas of operation and the scope of operation of the Company and the Group, the geographical distribution of the Company's operations, the risk management policy applied by the Company, the number of insured covered by the policy and the standard terms in the market in this area.

Run-off cover – The insurance cover purchased by the Company for its Directors and officers may also include runoff arrangements for a period of up to seven years from the date of termination of their service as Directors and officers of the Company.

- 25.2 Indemnification and exemption – The Company may grant indemnification (prospectively and/or retrospectively) and an exemption to all or any of its Directors and officers, according to its discretion, to the maximum extent conforming to the Companies Law and the Increased Efficiency of Enforcement Proceedings at the Israel Securities Authority Law (Legislative Amendment), 5771-2011, in wording as approved by the General Meeting of the Company's shareholders on September 22, 2011.

None of the restrictions determined in Sections 225 to 227A of the Law on restriction on appointment of a minor, an incompetent person, bankruptcy, a restriction on appointment as a result of the commission of an offense, a conviction or a decision of the administrative enforcement committee – as these restrictions are drafted on the date of execution of this declaration, as set forth in **Appendix A** and constituting an integral part hereof, are satisfied in my case.
2. 3. My activities within the scope of my office as an office holder of the Company, as long as they are carried out in good faith, as long as they are not connected to me or my relatives or the Corporations personally, are not considered to be acts amounting to a conflict of interest or competition with the business of the Company or usurpation of a business opportunity of the Company with the object of obtaining a benefit for myself or any other person (hereinafter, "**Breach of Trust**") and do not harm the best interest of the Company, just because me or my relatives are stakeholders in the Corporations.
4. Were I to believe, according to my best knowledge, that an activity within the scope of my office as office holder of the Company is connected to me or my relatives or the Corporations personally, and also were the Company to enter into an exceptional transaction and/or an ordinary transaction connected to me or my relatives or the Corporations personally and it came to my knowledge – I shall notify the audit committee and/or the board of directors, as the case may be, of my personal interest, if the activity and/or transaction is presented for their approval, or to an entity and/or forum reaching a decision with respect to the act or approving the transaction, if the activity and/or transaction is not presented for the approval of the board of directors at the beginning of the deliberation on the activity and/or the transaction and I shall not be present at the meeting at the time of the deliberation on the activity and/or the

transaction; however, I may be entitled to participate at the beginning of the meeting for the purpose of passing on information only.

5. I possess all the skills required and the capacity to devote the appropriate time to perform my position as director of the Company, with attention *inter alia* to the special needs and size of the Company.
6. Likewise, I undertake that if any of the conditions required under the Law for my office as director of the Company cease to exist in my case, or if a ground for the expiration of my office as director of the Company exists in my case, I shall notify the Company thereof immediately and my office shall expire from the date of notification as stated in Section 227A of the Law (as set forth in Appendix A). I know that pursuant to Section 234 of the Law, a breach of such duty of notification shall be deemed a Breach of Trust on my part to the Company.
